

Alpha Course Application

The course is in modules. Please tick the modules required for your course and return this form to Yamato Service.

Module	Description	Personnel	Day 1	Day 2
1	Introduction, principles and Level 1 operation	Operators to Engineers		
2	Counting Level 1	Operators to Engineers		
3	Level 2 and 3. Setting up a program	Operators to Engineers		
4	Counting Level 3	Operators to Engineers		
5	Calibration	Operators to Engineers		
6	Buckets (Setting Up)	Operators to Engineers		
7	System Installation and Maintenance	Engineers Only		
	Multiple choice test (Training certificate will state "have passed" instead of "have attended")	Operators to Engineers (Level 3)		
8	Hygiene	Cleaning Crew Only		
Number of trainees on each day (Maximum of 6 in total)				

Example of 2 day course attendees:

Module 1 is a ½ day (09.00 - 13.00)

Module 3 will extend this to a full day (9.00 - 16.00)

Module 1 & 3 will require a full day (9.00 - 16.00)

Modules 2, 4, and 5 can be included but may/will extend the day.

Modules 6 and 7 are a second day (09.00 - 14.30) + extra time for practical on a weigher if possible.

Module 8 is for cleaning crew only. This takes approximately 1-1½hrs and will require access to a weigher (½hr in a classroom and ½hr on the weigher).

Note: This is included in module 1.

All times shown are indicative and subject to change.

NB: All training courses are to begin at 9am. Please arrive 15 minutes prior for registration.

If you do not use an integrated metal detector, feedback or any other function then please do not select them.

If you do not have counting or mixing software then please do not select them. If you are unsure please contact Yamato service on: 0113 322 1546 or email service@yamatoscale.co.uk

Sigma Course Application

The course is in modules. Please tick the modules required for your course and return this form to Yamato Service.

Module	Description	Personnel	Day 1	Day 2
1	Introduction, principles and Level 1 operation	Operators to Engineers		
2	Mixing Level 1	Operators to Engineers		
3	Counting Level 1	Operators to Engineers		
4	Level 2 and 3. Setting up a program	Operators to Engineers		
5	Mixing Level 3	Operators to Engineers		
6	Counting Level 3	Operators to Engineers		
7	Calibration (day 1 or day 2)	Supervisors to Engineers		
8	Buckets (setting up)	Machine minder Engineers		
9	System Installation and Maintenance	Engineers Only		
	Multiple choice test (Training certificate will state "have passed" instead of "have attended")	Operators to Supervisors (Level 3)		
10	Hygiene	Cleaning Crew Only		
Number of trainees on each day (Maximum of 6 in total)				

Please enter the model and serial numbers of the machines you have on site and require training on. The training program can be adjusted to your specific machine requirements.

Model Number	Serial Number	Options (Please Tick)
ADW	WG	Collection Bucket
ADW	WG	Ring Gate
ADW	WG	Infeed Funnel
ADW	WG	Middle Shutter

Omega Course Application

The course is in modules. Please tick the modules required for your course and return this form to Yamato Service.

Module	Description	Personnel	Day 1	Day 2
1	Introduction, principles and Level 1 operation	Operators to Engineers		
2	Mixing Level 1	Operators to Engineers		
3	Counting Level 1	Operators to Engineers		
4	Level 2 and 3. Setting up a program.	Operators to Engineers		
5	Mixing Level 3	Operators to Engineers		
6	Counting Level 3	Operators to Engineers		
7	Calibration (Say 1 or day 2 not both)	Supervisors to Engineers		
8	Buckets (setting up)	Machine Minder Engineers		
9	System Installation and Maintenance	Engineer		
	10 question multiple choice test (Training certificate will state "have passed" instead of "have attended")	Operators to Engineers (Level 3)		
Number of trainees on each day (Maximum of 6 in total)				

Example of 2 day course attendees:

Module 1 is a ½ day (09.00 - 13.00)
 Module 4 will extend this to a full day (9.00 - 16.00)
 Modules 2, 3,5,6 and 7 can be included but may/will extend the day.
 Modules 8 and 9 are a second day (09.00 - 14.30) + extra time for practical on a weigher if possible.

All times shown are indicative and subject to change.

NB: All training courses are to begin at 9am. Please arrive 15 minutes prior for registration.

If you do not have counting or mixing software then please do not select them.

If you are unsure please contact Yamato service on: 0113 322 1546 or email service@yamatoscale.co.uk
